Dear Friends of ALF,

Time is running out on our virtual **Pampered Chef party**. Take advantage of 20% off specials, and jumpstart your Holiday shopping and baking. It's all for the animals, but it **ends September 15th!** Visit our [web site](#) for details on how to direct the proceeds of your purchase to Animal Loving Friends.

Thanks to you, our generous supporters, we've obtained the funds to build the "cat house", an air-conditioned building in the outdoor enclosure. We'll be able to put it to a lot of good use next summer. **Our most urgent funding need RIGHT NOW is for medical treatment for Willow.**

We've started **Willow** on a series of acupuncture treatments, and are taking a leap of faith that donations will continue to allow additional treatment beyond our current funds. We're seeking **sponsorship of one session at a time**. Each [\\$145 donation](#) to Willow's recovery fund will enable her to receive another treatment, as long as it's helping.

Willow has also recently become the beneficiary of a very special angel, who is selling items on [eBay](#) to try to raise money for Willow's medical care. This generous woman recently saved a pitbull after it had been hit by a car on the freeway during rush hour, and left for dead. The badly injured dog struggled to get up, but eventually made it off the road. Because his owners never came forward to claim him, he was supposed to be put to death, but this angel just couldn't let that happen! She was able to raise funds to treat the severely injured dog, and has now turned her attention to our Willow. Please visit her [eBay](#) page to make a purchase. While you're there, remember to thank her for her caring and generous heart! And don't forget to send this link to your friends! "Together we all can make a huge difference!"

Wondering how our ten little kittens from the desert are doing?

Compass and Scout have been adopted! Scout had become very ill and had to spend a few weeks at the vet, but he is completely recovered and a happy little boy, with a new home of his very own!

Gypsy, Diesel, Butch (now Dizzy), and Blinky (now Dazzle) are awaiting adoption with [Paw Placement](#), our primary adoption partner.

Dakota has just recovered from an ear infection. He and brother **Hudson, Punkie** and **Dillinger** are all still in foster care, getting some extra TLC and waiting their turn to go to the adoption center.

animal loving friends

Remember to check out all the latest news at [ALF.Petfinder.com](#), and tell all your friends!

Thank you for all that you do for animals everywhere.
