

GOT CATS??

GET TNR!! (Trap-Neuter-Return)

TNR is the only effective way to control the feral cat overpopulation crisis. Cats are humanely trapped, spayed and neutered, vaccinated for rabies, eartipped for identification and returned to their outdoor territory where they're given food and shelter.

TNR is the most humane solution. Removing or killing the cats doesn't work: more will move in. Once neutered, cats no longer howl, fight, spray, or reproduce, but do provide continued rodent control and keep newcomers at bay. Neutered cats are much healthier and **FREE s/n services are available!**

Come to a TNR caretaker training workshop

Presented by the NYC Feral Cat Initiative, a program of the Mayor's Alliance for NYC's Animals & Neighborhood Cats.

WHEN: Saturday, November 14, 2009, 1:00 - 4:00 pm

**WHERE: Port Richmond High School
85 St. Josephs Avenue
Staten Island, NY 10302**

Advance registration required; To register, contact the Staten Island Feral Initiative (SIFI) at SIFI.NYC@gmail.com or call **212-662-5761. There is a \$15 fee for the Nov.14th class, payable at the door.**

TNR is endorsed by the ASPCA, The Humane Society of NY, The Mayor's Alliance for NYC's Animals and Neighborhood Cats, among others.
