

TOMMY'S CANS

PLEASE HELP US TO REMEMBER TOMMY MONAHAN

Tommy was a 9 year old Staten Island boy who perished while trying to save his animals from his burning home on 12/17/07. Tommy loved the earth and animals. As a tribute to his memory and to keep his cause alive this year we are following in his footsteps by running a drive called "Tommy's Cans" Tommy had an old coffee can and he would save spare change in it. Once the can was full he would donate the money to the ASPCA or the local ACC here in Staten Island. This year the "Tommy Monahan Group" has kicked off their drive in honor of P.L.U.T.O. animal rescue of Richmond County. We are asking you to collect all your spare change in an old coffee can and when it is full put it into a zip lock bag and start again. Our drive began 12/17 (date when Tommy passed) and will continue until 8/29/12 (his birthday) Once you have collected enough bags please contact the founder of the Tommy Monahan group at (347) 983-4583 or cathyfdrapparel@aol.com to arrange for pick up. Please help us to keep Tommy's cause alive and help save the animals. Thanks for your support!
