

We are in search of your digital pictures of the pets which have been adopted from the Jefferson County SPCA. Here is an example of 2 happy campers.

This is Speedy! He was adopted from your SPCA in September 2007. He got his name because my daughter was so excited to bring him home she got a speeding ticket! We just wanted to send you an update and let you see how well he is doing. As you can see he has the run of the house and watches what he wants on TV.

Occasionally he has to humor us, hence the Santa hat! Like I said we just wanted to give you an update on him.
Thank you for this gift to our family!
The Hierholzer family

This is Candy. Candy was a puppy when we adopted her from the SPCA last December. Due to her being a puppy, I had to bring my young son in for the staff to see the interaction between the two. Candy is amazing with children! She is very tolerant of everything they do to her, including playing dress up with her. In the mornings, I send her upstairs to wake the kids up – who needs an alarm clock when you have Candy!!! She is a great family dog.

This is our cat Lucy. Lucy was about 1 ½ years old when we adopted her.

This is Jenna and Candy. Jenna is Candy's sister. A friend of mine adopted Jenna when I adopted Candy.
